Total increase / (decrease) in other classes of shares during the month (i.e. Total of A to E):		<u>N/A</u>
<i>(These figures should be the same as the relevant figures under II above ("Movements in Issued Share Capital").)</i>		

Remarks (if any):

1. As the Bank is incorporated in the PRC, the concept of “authorised share capital” is not applicable. The information contained in section I refers to the “issued share capital”.

2. Calculated based on the number of the offshore preference shares and the issuance price of each offshore preference share. The offshore preference shares have a par value of RMB100 each and issued as fully paid up in U.S. dollars. The issuance price of the offshore preference share is U.S.\$20 each.

3. Calculated based on the aggregate of ordinary share capital and the total proceeds raised from the issuance of offshore preference shares, in which the total amount of proceeds raised from the issuance of the offshore preference shares is converted into Renminbi at the middle exchange rate between U.S. dollars and Renminbi of RMB6.553 to US\$1.00 as published by the People’s Bank of China on 19 September 2017.

4. The initial conversion price of the offshore preference shares is HK\$4.76, which is equal to the net asset value per share as at 30 June 2016 disclosed in the Bank’s 2016 interim report and denominated in Hong Kong dollars, which has been converted with reference to the central parity rate of RMB to Hong Kong dollars used by the interbank foreign exchange market as published by the China Foreign Exchange Trade System on the Trading Day prior to the date of announcement of the Board resolution (i.e. 22 January 2017) in respect of the issuance plan of the Offshore Preference Shares (rounded up to the nearest two decimal places). The number of H shares issuable upon full conversion of the offshore preference shares is equal to the aggregate liquidation preference of all the Offshore preference shares (being U.S.\$20 for each offshore preference share, as converted into Hong Kong dollars at the fixed exchange rate of U.S.\$1.00 to HK\$7.7574) divided by the initial conversion price rounded down to the nearest whole number of H shares.
